

Request for Proposal: Global Freight & Logistics Services

RFP Reference: RFP-LOG-2025-001
Issue Date: January 15, 2025 | Response Deadline: February 28, 2025
Issued by: NexaCore Technologies Procurement Team

1. Company Overview

NexaCore Technologies is a B2B SaaS + hardware company headquartered in Austin, Texas. We provide AI-powered analytics solutions bundled with IoT edge compute hardware (NXT-EC series). Annual shipment volume: approximately 2,400 domestic + 480 international consignments per year. We are issuing this RFP following service disruptions with our current provider and a disputed invoice regarding fuel surcharge application (Dispute Ref: DISP-FEDEX-2025-0847).

Hardware category: IoT edge computing modules with embedded lithium batteries. Some units classified ECCN 5A992 -- carrier must be EAR-experienced.

2. Scope of Services Required

2.1 US DOMESTIC

- Priority express freight (next-day and 2-day) for ~180 consignments/month
- Standard ground freight for ~20 consignments/month
- Weight range: 0.5 kg to 45 kg per consignment

2.2 INTERNATIONAL

- EU destinations: France, Netherlands, Germany, Belgium, UK (~40 consignments/month)
- Customs brokerage services included (EU VAT and IOSS compliance required)
- Track and trace with real-time API access

2.3 VALUE-ADDED SERVICES

- Lithium battery (UN3481) compliant handling and IATA documentation
- ECCN 5A992 export license coordination
- Freight management portal with bulk label generation
- EDI integration (X12 850/856 or equivalent)

3. Evaluation Criteria

Weight	
30%	Price competitiveness (vs. FedEx 2024 contract)
25%	Service level reliability (OTD performance data)
20%	Technology integration capability (API, EDI, etc.)
15%	Experience with hazardous goods (lithium battery) and export

4. Required Response Format

Respondents must include:

- a) Company profile + customer references (minimum 3 tech hardware companies)
- b) Rate card for all US domestic and international lanes specified
- c) Fuel surcharge policy and contractual cap commitment
- d) OTD performance data (last 24 months, auditable)
- e) Hazmat and export control compliance certifications
- f) Sample MSA and freight terms
